INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories (publishers of the Gastonia City Directory since 1934), present to subscribers and the general public, this, the 1954-55 edition of the Gastonia City Directory, which also includes Arkray Mills Village, Arlington Heights, Arlington Mills Village, Armstrong Development, Fairmont Park, Flint Mills Village Nos. 1 and 2, Forest Hill, Groves Mills Village, Mutual Mills Village, Myrtle Mills Village, Ranlo, Smyre, Victory Mills Village, West View Heights and Winget Mills Village. A new feature, the listing of telephone numbers in the Directory of Householders, marks this edition.

Confidence in the growth of Gastonia's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Gastonia to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Gastonia Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments
(Each department beginning with Page 1)

The five major departments are arranged in the following order:—

I. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the first major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Gastonia and vicinity, and the name, official personnel, nature and address of each firm and corporation.

II. THE BUYERS' GUIDE, the second major department, printed on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Gastonia and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Gastonia, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

III. THE CLASSIFIED BUSINESS DIRECTORY is the third major department, printed on yellow paper. This department lists the names of all business and professional concerns of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the fourth major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. A special feature of this section is the designation of tenant-owned homes. A new feature of this section is the listing of telephone numbers.

V. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fifth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free reference, and serve as perpetual and reliable advertisements of Gastonia and vicinity.

The Gastonia Directory Library

Through the courtesy of the publishers of the Gastonia City Directory, a Directory Library is maintained in the offices of the Gastonia Chamber of Commerce, for free reference by the general public. This is one of more than 600 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

History and Location

The area of which Gastonia is the trade center began to be settled about the year 1735 by Scotch-Irish and Germans who had previously settled temporarily in Pennsylvania. These sturdy pioneers were attracted by the genial climate, the numerous springs and streams, and the fertile, virgin soil. It should be said in testimony of their fairness and right living that the powerful tribe of Catawba Indians, into whose midst the settlers came, assumed a friendly attitude toward their white brothers and often fought with them against other Indian tribes and also in their conquests for freedom during the Revolutionary War. It is not surprising to find from the pages of history, therefore, that the Battle of Kings Mountain, the turning point of the Revolutionary War, should have been fought twenty miles from Gastonia by those early pioneers who prized their religious and political freedom so highly.

Romantic Growth

The manufacturing industry began to develop in this community in 1848 when the Mountain Island and Woodlawn cotton mills were built. During the next 24 years only one other industry came into being, and it was not until 1872, after the War between the States, that real industrial development began. In 1888 there were eight manufacturing plants in the county.

It was in 1872 that the first railroad was built through Gaston County, making available to the manufacturers of the area raw material supplies and the consuming markets of the world.

Gastonia was a cross-roads village in 1880, with a population of 236. It was incorporated as a town in 1877, and the charter was amended in 1910, changing the name from the Town of Gastonia to the City of Gastonia.

Each decennial census has recorded a substantial growth in population. Population figures since 1880 have been as follows: 1880, 236; 1890, 1,033; 1900, 4,610; 1910, 5,759; 1920, 12,871; 1930, 17,093; 1940, 21,313; 1950, 23,069.

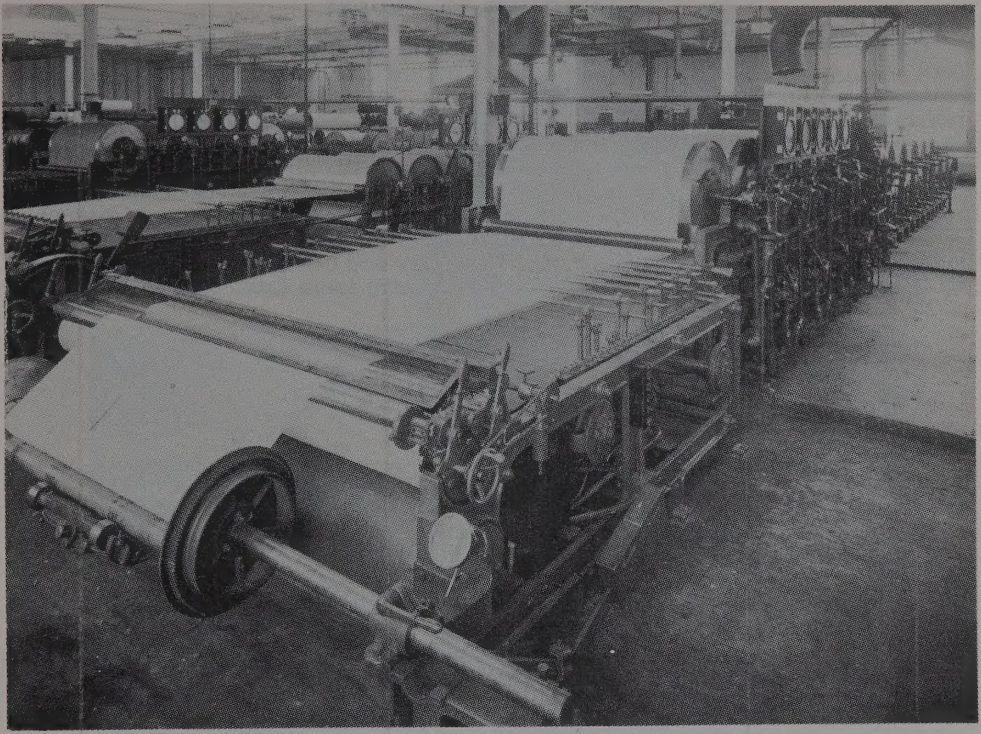
Industrial Supremacy

Today Gastonia has 48 textile manufacturing plants, with 600,000 spindles, and an average annual payroll of approximately $50 million.

Gaston County at the present time has 126 textile plants, not to mention the various other smaller and allied manufacturing establishments.

Today the sons of the early pioneers are still carrying on with native-born Americans as employees, with complete understanding of each other and an absence of friction in industrial relationship.

Industrial products of the county include: Cotton yarns, tire fabric, textile machinery, sewing thread, bedspreads, crocheting and knitting yarns, labels, gears, weavers' knotters, roller covering, dress goods, sheeting, leather belting, silk, rayon, mattresses, furniture, textile supplies, hosiery, shoe laces, Army uniform cloth, motor-oil filters, damask, carbon manifolds, novelties industrial paper products, electrical goods, machinery and other articles.

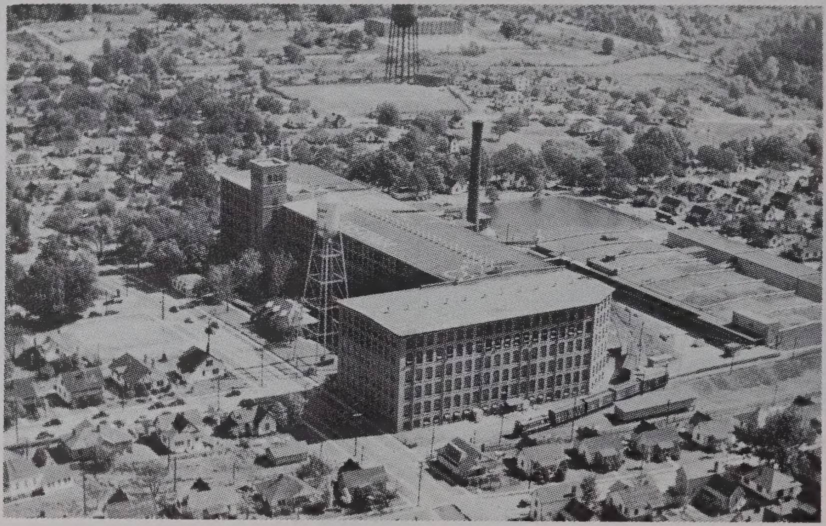


Machinery Made in Gastonia Finds Its Way to the Far Corners of the Earth.

Gastonia is located on U. S. Highway No. 29 from Washington to Atlanta, which highway is frequently referred to as the Main Street of North Carolina.

Transportation and Utilities

Gastonia is on the main double-track line of the Southern Railway from New York to New Orleans and is also served by the Carolina & Northwestern and Piedmont & Northern railways. Also serving Gastonia are several highways, including U. S. Highway No. 29, the "Main Street of North Carolina," and U. S. No. 321. Three bus lines and numerous motor-freight and express companies operate in all directions from Gastonia. Gastonia is only twenty minutes from the Charlotte airport, which is served by the Eastern, Capital and Piedmont air lines. These facilities provide convenient and rapid transportation of passengers, freight and express in a few hours to the great centers of the U. S. Gastonia has one landing field on the outskirts of the city and one airport, and there are two airports near Charlotte about 15 miles distant from Gastonia.



One of the Largest Tire Fabric Plants Under One Roof in the World, Located in Gastonia.

Industry cannot thrive without adequate power, and in this respect Gastonia is particularly fortunate. In close proximity to the Duke Power Co., with several of its mammoth-hydro-electric and steam auxiliary plants located in Gaston County, ample electric power is available at low rates. The quality of service available and the economical rates for users of electricity are highly important factors in considering Gastonia as a place of residence, or for the location of a business or industry.

Natural gas is available in Gastonia through the Public Service Co. of North Carolina. This gas comes from the fields in Texas, brought by the Trans-continental Pipe Line Co. The pipe line runs within 1-1/3 miles of Gastonia's city limits.

Financial Features

North Carolina has no ad valorem property tax. The City of Gastonia rate is $1.35 per $100, and the Gaston County rate is 98¢ on $100 valuation. Municipal property is valued at over $2,600,000.

Gastonia has an adequate and modern water plant with clear water source.

Electricity is purchased wholesale from the Duke Power Co. and retailed by the City to residential and industrial users. Users outside the city are served direct by Duke Power Co.

Closely allied with the city's favorable financial position in reference to industry, there should be mentioned also North Carolina's stable government which is fair to capital, fair to labor, and possesses a sympathetic understanding of industry.

Gastonia's financial institutions, consisting of two strong national banks and two thriving building and loan institutions, afford ample facilities throughout this trade area.

Civic Life

The moral atmosphere of any city is indicated by the facilities which it has provided for religious worship. Gastonia is a church-going city, with 92 churches representing practically all the well-known denominations—Protestant, Catholic and Jewish.

Gastonia is also proud of its public school system, which consists of 18 modern school plants, with an enrollment of 12,000 in the metropolitan area.

In addition to the splendid public school system, Gastonia has a vocational school operated by the Vocational Education Department of the State of North Carolina, where courses in yarn manufacturing, weaving and designing, knitting, mill maintenance and tailoring are offered tuition-free to North Carolina residents. Gastonia is the home of the Gaston Technical Institute, which is operated under the auspices of the School of Engineering of North Carolina State College. Technical courses are offered in internal combustion engines, electrical technology, building construction technology, and radio broadcasting. The Vocational School and the Technical Institute are valuable assets in the industrial life of the community.

Also in Gastonia is the Evans College of Commerce, and nine miles distant at Belmont, N. C., are located Belmont Abbey College and Sacred Heart Academy. Belmont Abbey College has a four-year college course leading to the Bachelor's Degree, and is accredited by the Southern Association of Colleges and Secondary Schools. Sacred Heart Academy is a junior college for girls.

Gastonia has two splendid general hospitals for white people and one for Negroes. In addition, there is located here the North Carolina Orthopedic Hospital, the only State-owned and State-maintained institution of its kind in the Southern States. It has provisions for inmates of both races.

Gastonia has one modern hotel and several smaller hostelries, several large apartment houses, and a number of good private boarding houses. Four modern theatres, with total seating capacity of 3,200, afford ample amusement facilities.

The value of healthy civic clubs is thoroughly appreciated in Gastonia. Strong units of Rotary, Kiwanis, Civitan, Lions, Optimists, Altrusa and Pilot clubs are rendering valuable service to the city. An elegant club building is owned by the Gastonia Woman's Club, and the leading fraternal organizations are represented. A splendid clubhouse, golf courses, swimming pools, tennis courts, parks and playgrounds afford ample opportunities for healthful recreation.

The natural advantages which induced the pioneer forefathers to locate here still exist and, with the addition of the vast industrial empire and the phenomenal growth in population, the advantages have been augmented.

The above legend is only a brief summary and contains only a few of the high-lights of the many opportunities, industrial and otherwise, that exist today in Gastonia and Gaston County. Those desiring to take advantage of the opportunities offered by this hustling Piedmont city of the New South are cordially invited to write directly to the Chamber of Commerce at Gastonia.

For the prospective resident, Gastonia is favorably situated in many ways. While the city is located near the busy marts of trade, in less than three hours of travel by automobile a Gastonian can be in the incomparable scenery of the mountains of western North Carolina, the "Land of the Sky." In three hours he can journey to the famous Pinehurst and Southern Pines winter resorts. The famous Atlantic beaches can be reached in five hours. One night of travel will place him in most of the big Eastern cities.

Trade Area

Based on the 1950 U. S. Census, the population in a 75-mile radius of Gastonia is placed at approximately 2,000,000.

Although the trucking industry has been developing rapidly, Gaston County still imports thousands of dollars' worth of food that could be raised profitably in the county.

Opportunities

The city's industrial population challenges the farmers of the county to grow food and feed crops.

Dairying and poultry farms have made notable strides in the last few years, but the possible field of development has just begun.

Fruit-growing has become an important item in Gaston County. No finer peaches can be grown anywhere, and an ample market is close at hand.

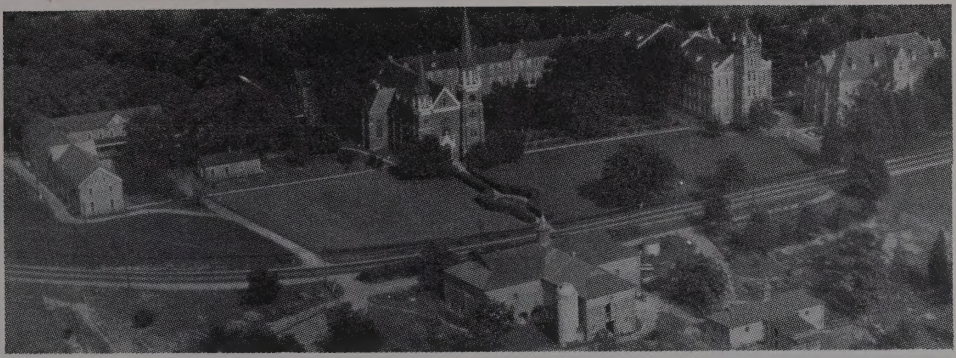
GASTON TECHNICAL INSTITUTE

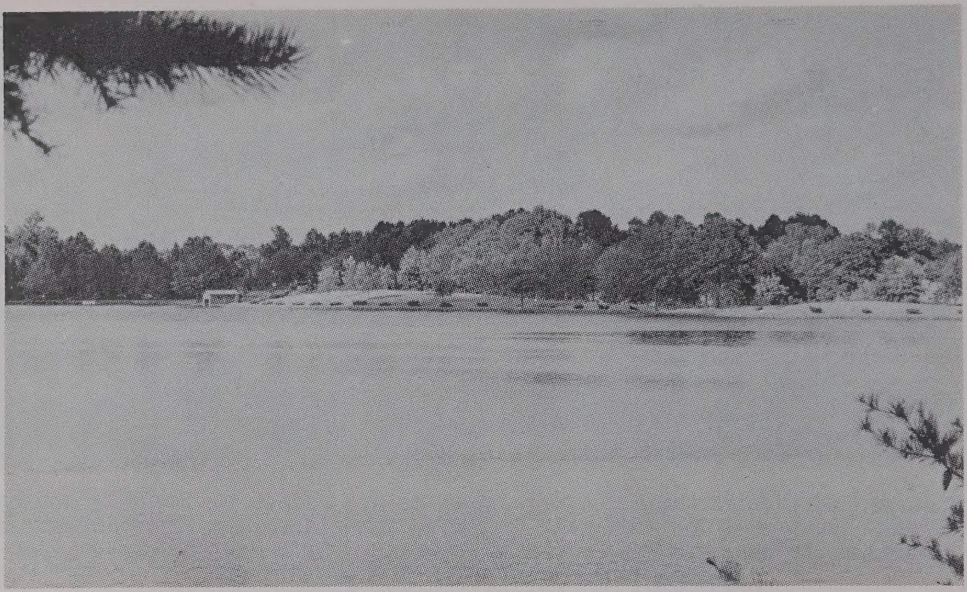
Gaston Technical Institute-where technicians are trained for the many phases of work incident to the Piedmont section of North Carolina. The Institute is located at 510 West Airline Avenue in Gastonia, and is operated by the Engineering Department of N. C. State College.



Belmont Abbey College-located at Belmont, N. C., ten miles east of Gastonia.

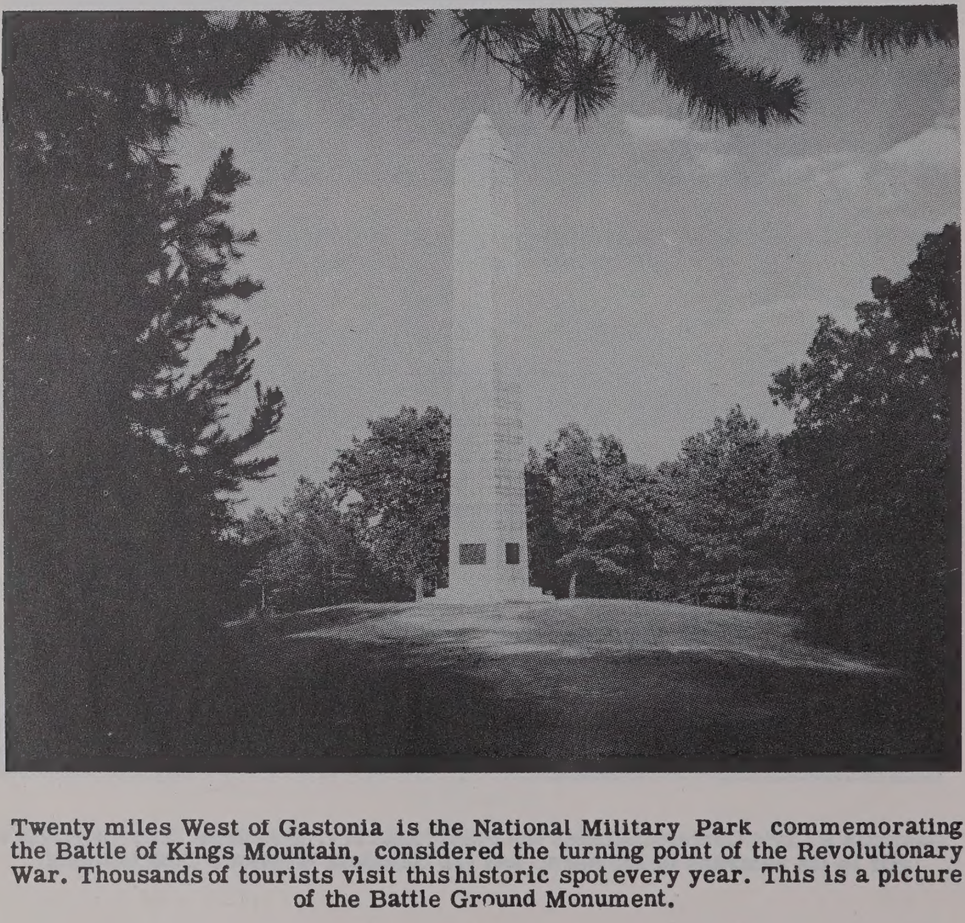
PUBLIC LIBRARY

Gastonia's Civic Center-includes the Public Library, Memorial Hall-Gastonia's gift to its veterans of all wars, and the Gastonia Woman's Club building.



Rankin Lake—the eighty-five acre artificial lake which impounds 250 million gallons of water, the source of Gastonia's supply of fine water.

* * *



Twenty miles West of Gastonia is the National Military Park commemorating the Battle of Kings Mountain, considered the turning point of the Revolutionary War. Thousands of tourists visit this historic spot every year. This is a picture of the Battle Ground Monument.

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight – Out of Mind – Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

Out of Sight – Out of Mind – Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

Out of Sight – Out of Mind – Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight – Out of Mind – Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

CAUTION....

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

MR. CITIZEN!

Correct Information
Is Valuable
To You!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

When You Want to Know:

—where a person lives.

—what his occupation is.

—who lives at a certain number on a street.

—where a street is located.

—the correct spelling of a name.

—the officers of a corporation.

—the partners in a firm.

—the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

—you can quickly find the answer in the City Directory.

OUT OF SIGHT! OUT OF MIND!
OUT OF BUSINESS! . . . . .

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

DO YOUR EMPLOYERS FURNISH YOU WITH THE LATEST EDITION OF THE CITY DIRECTORY?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CAUTION....

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

WHY A BUYERS' GUIDE?

IT IS CUSTOMARY TO INCLUDE A BUYERS' GUIDE IN THE CITY DIRECTORY BECAUSE:

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

CASHIERS! TELLERS!

CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CAUTION....

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Out of Sight!
Out of Mind!
Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

▼

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

Out of Sight – Out of Mind – Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

Out of Sight!

Out of Mind!

Out of Business!

★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. ***Insist on being well represented in its pages.***

Typical Questions

Your City Directory
Will Answer

ABOUT AN INDIVIDUAL

How does he spell his name?

What is his middle initial?

Is he married? What is his wife's name?

Where does he live?

Does he own his home or rent?

Has he a telephone?

Who are his neighbors?

What does he do for a living?

Where does he work?

Is he the "head of the house" or a resident?

Does he own a business? Is he a member or officer?

Who else is in the same business or profession?

Is the woman single, married or a widow?

ABOUT YOUR CITY

What is the city's history?

What are the latest population figures?

What is the latest statistical and general civic information?

What are the leading industries and activities of the city?

What are the names and locations of the schools?

What are the churches and where located?

Who are the pastors of the churches?

What are the locations of the hospitals, homes and asylums?

ABOUT A LOCALITY

How is the quickest way to get there?

Who lives at a given address?

Is there a telephone at the address or nearby?

What is the character of the neighborhood?

Is it a "home-owners" section?

What is the nearest street corner?

What is the nearest store, church, school, garage, shopping center, parking lot, etc.?

Where are the public and office buildings?

If it is a business location, what business?

If an office building, what firms or professional people are in what rooms?

ABOUT A BUSINESS CONCERN

What is the nature of the business?

What is the correct name and address?

Is it a Proprietorship, Partnership or Corporation?

Who are the partners, owners, or officers?

Who else in same or similar lines?

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

Including Arkray Mills Village, Arlington Heights, Arlington Mills Village, Armstrong Development, Fairmont Park, Flint Mills Village No.'s 1 and 2, Forest Hill, Groves Mills Village, Mutual Mills Village, Myrtle Mills Village, Ranlo, Symre, Victory Mills Village, West View Heights and Winget Mills Village.

1954-55

Copyright, 1954, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both side of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

Out of Sight – Out of Mind – Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

"A Real Necessity in Every Office"—The City Directory

WORKER
with
1,000 JOBS
that's REDDY KILOWATT
Your Servant of the Century

Judged by your increased use of Electric Power, you and your neighbors in the Piedmont Carolinas are putting Reddy to work on every one of these 1,000 jobs.

During the past eight years, your increased use has made it necessary to provide additional capacity of 1,166,000 kilowatts, more than twice as much as was provided our first 42 years.

We are now going ahead with plans to provide for your Electrical Future ten years ahead . . . in business and factory, farming and homemaking.
